## SPRING 2018 **ONLINE** COURSE OFFERINGS

COURSES BEGIN JANUARY 8<sup>th</sup>

### Online Courses

To increase access and meet the needs of high school students, many courses are offered online. With online courses, students complete their weekly learning activities in an asynchronous way (not necessarily at the same time as others). These courses are designed with many community features to encourage a social learning environment for students.

### FAQs

**How long do online classes last?**

Each course is 12 or 15 weeks of content

**Do online courses meet at a scheduled time? No.**

While there are deadlines for weekly assignments, there are no scheduled class times.

**How will I get my books?**

**Our "Free Materials" deadline is August 1, 2017.**

Your books will be mailed to your home address prior to the course start date. After Aug 1, students are responsible to obtain text materials. Any course materials involving e-codes or e-texts would be billed.

**How do I communicate with my online professor?**

Professors provide multiple forms of contact to the students and often communicate through discussion forums and email.
