

## HAZMAT

### HAZARDOUS MATERIAL SPILL:

- Call 911 or 740-412-5337 immediately.
- If the hazardous material meets your skin, immediately flush the affected area with copious amounts of water for at least 15 minutes, and then seek medical attention.
- Stop the source of the hazardous material if possible.
- Evacuate the immediate area, closing doors behind you.
- Unless trained, DO NOT attempt to clean up the spill you.
- Make yourself available to emergency personnel to supply critical information to aid in clean up.
- Provide as much of the following information as possible:
  - a. Where has the hazardous material spill occurred? Specify the floor, room number, and location in room.
  - b. Have there been a fire and/or explosion?
  - c. Are there any injuries? If so, how many?
  - d. What material has been spilled?
  - e. What is the state of the material (i.e., solid, liquid, gas, combination)?
  - f. Is any of the hazardous material escaping from the spill location in the form of chemical vapors/fumes or running or dripping liquid?

### INFECTIOUS MATERIAL SPILL RESPONSE:

- If the infectious material meets your skin, immediately wash with soap and water.
- Unless trained, DO NOT attempt to clean up the spill yourself.
- Contact Ohio Christian University Security 740-412-5337
- Make yourself available to responding emergency and Environmental Health and Safety Personnel to supply information to aid in clean up.
